

Thanks for the opportunity to comment. For years we have been wanting a christian radio station in our area that played music K-Love has been serving us thru a FM translator and finally after many years we have good coverage, if K-Love were to be displaced by a LPFM broadcaster it would effected us very much. I believe the service provided by K-Love is in the public interest K-Love is a listener supported station so the public is speaking. K-Love also promotes a positive and encouraging impact on the communities in our area
